SUPPORTIVE SERVICES

IHSS Brochure

IHSS can help pay for services if you're a low-income elderly, blind or disabled individual, including children, so that you can remain safely in your own home. IHSS is considered an alternative to out-of-home care, such as nursing homes or board and care facilities.

dpss.lacounty.gov

ELIGIBILITY CRITERIA FOR IHSS

- Be 65 years of age or older, disabled, or blind. Disabled children are also potentially eligible for IHSS.
- You must have a Medi-Cal eligibility determination.
- Be a California resident.
- Live in your own home that is not a hospital, nursing home or licensed community care facility.
- **Either:** Receive or be eligible to receive Supplemental Security Income/State Supplementary Payments (SSI/SSP) from the Social Security Administration, **OR** Meet all SSI/SSP eligibility criteria except for income or citizenship/immigration status.
- Submit a Health Care Certification form from a licensed health care professional indicating you are unable to independently perform some activity of daily living and without IHSS, would be at risk for placement in out-of-home care.

APPLICATION

After you apply, a County Social Worker will schedule an interview at your home and:

- Determine
 - Your eligibility to IHSS; and
 - Assess the type of IHSS services needed and the time needed for each service, based on your ability to safely perform certain tasks.
- If you do not currently receive SSI/SSP, you will be contacted to apply for Medi-Cal. Your IHSS application will continue to be processed until your Medi-Cal eligibility is determined.
- Review your income. If your income is above the SSI/SSP limits, you may be required to pay for a portion of your IHSS benefits. This is called a **"Share of Cost."**

If you are approved, you will be required to hire someone to provide the authorized services.
