**2.0 PUBLIC COMMENT (Non-Agenda Items)**

Adele Andrade-Stadler, Chairperson

There were no written nor verbal comments from the public on Agenda/Non-Agenda Items.

**3.0 IN LOVING MEMORY OF: COMMISSIONER FRANK G. DE BALOGH**

**Chairperson Adele Andrade-Stadler** - I was shocked and saddened to hear of the recent passing of our Commissioner, Dr. Frank G. De Balogh. He was very passionate and advocated for our veterans and General Relief (GR) populations. He constantly reminded us of those who needed the most care. I appreciated his advocacy and hopefully his words will carry forward and inspire others. The Chair opened the floor for comments from commission members and staff.

**La France Toliver** - Commissioner Frank G. De Balogh was a vibrant force for those who were less fortunate. He served on this Commission for 25 years and was rarely absent. From the moment I arrived over 10 years ago, Commissioner De Balogh always gave me my grade for how well the commission meeting went, how responsive I was or how well the holiday gala went. I did not realize it at the time, but that was the teacher, scholar, and professor in him raising the bar of excellence in me. He will be missed.

**Joe Brown** - My condolences have been expressed to his wife Judy De Balogh and Frank De Balogh Jr. Frank and I go back to when we were military personnel in 1968. We fought in the same war but were in different locations. Frank encouraged me by letting me know that I had more coming to me than just a GI Bill. When I first came to the Commission, one of the challenges both Frank and I had was how we could effectively continue to advocate change on behalf of veterans and disenfranchised persons throughout Los Angeles County. I learned and picked up a lot of nuggets from Frank down through the years. We tackled various gang related issues in Long Beach, Compton, Pasadena, and Altadena in the Fifth Supervisorial District. We were able to accomplish these things due to Frank pushing and nudging to speak on these issues and discuss what was going on in our communities. Frank will be missed.

**Booker Pearson** - During my 10 years as a commissioner, I have never known Frank to miss a meeting unless he was physically ill. He always brought his wife and son to holiday celebrations each year. Sometimes we did not have a lot of participants, but we could always count on Frank and his family. Not only was he a champion for veterans, but for racial disparity and, in general, an advocate for the underserved and impoverished. I personally will miss Frank. He was a good man, and the commission will not be the same. Thank you, Madame Chair, for setting aside this time for Frank's memory.

**Dr. Sue ElHessen** – What a beautiful legacy Commissioner Frank De Balogh is leaving not only for the Commission, but for his commitment to veterans and disadvantaged populations that we service in our constituent base. What we did share together is that we were both graduates from USC and I appreciated him very much for his insight. He will be missed, but he lived a very rich and bountiful life all of us can hope to live.

**Dr. Yvonne Chan** – I joined the commission a few months before the COVID lockdown. I remember always sitting across from Dr. De Balogh and he had this very comfortable way of expressing himself, very thoughtful, and he mentored me after the commission meeting when I had certain questions. I remember there was a letter that he co-signed on with Commissioner Brown and I was not quite understanding the issue and process. He took the time to go through each paragraph explaining some of the historical/current issues to help me with my perspective and the role of the commission. I felt his passion, I will miss him. He will always be with us.

**Veronica Lewis** – I want to thank everyone for taking time to honor such a great man. I echo what everyone else has said. Commissioner De Balogh had a passion for veterans. I am thankful I had the opportunity to serve along with him on this commission. He was an example and always took great pride in his role as a commissioner and took it very seriously. He was a stickler for process and protocol. In a world that is extremely topsy turvy, I really appreciated the example that he provided. Twenty-five years is an extensive time for commitment and dedication to what DPSS is doing. He will be greatly missed, and I am praying for his family.

**Dynasty Taylor** – I have only been on the commission for a few months. I did not get to know him that well, but I believe that because of his work it made space for people like me to be apart of this commission. Thank you for giving me a space to speak.

**Antonia Jiménez** - I am going to miss him because he was such a champion for veterans and the GR population. Whether his requests were within the Department's purview or not, he would try to force the Department to do it. To me, that is a sign of a person that cares about the population he was concerned with. There were times we could not fulfill his request, but I always applauded his efforts to keep veterans and the GR population at the forefront, which is critical.

He pushed for the hiring of veterans within the Department. As a result, DPSS hired a record number of veterans through the countywide Veteran Internship Program (VIP). He will be missed. He was a force to be reckoned with. I loved going to the Fifth District's annual memorial event for veterans, where Supervisor Barger attended. Commissioner De Balogh would show up in full military uniform. We took pictures together and I could see the pride and the joy that he had in being a veteran. This pride ran through his consciousness, his veins, and his blood. He was a true veteran and an honorable man.

**Raul Estrada** - My biggest recollection is that when I became a commissioner, he made me feel welcomed. He went out of his way to say a few words of encouragement. I will never forget that. What I admire about him is that he did not beat around the bush. He tackled it when there were difficult things to discuss. He was very direct and tactful, and I respected that about him. I learned a lot from just watching him. I could see him thinking about what he was going to say before speaking and when the time was right, he would make his point. I really had admiration and respect for him.

**Special Announcement:** Director Jiménez closed by announcing she will be leaving the position as LA County DPSS Director, effective 5/20/22. She is pursuing another career in the consulting world. Commissioners congratulated Director Jiménez on a job well done at DPSS. She will be greatly missed, and they wished her the best in her new career. Chair Andrade-Stadler stated Director Jiménez has done an incredible job as Director. Thank you for your dedication to our less fortunate families. You have always been very professional, and it's been an honor working with you; under your leadership, especially on the ground level, giving out the backpacks, food, and all those things that people don't really see you do behind the scenes.
