REQUIREMENTS ONCE YOU START TO GET GR
1. Work
   If you can work now, or if you become able to work in the future:
   - You must take part in the General Relief Opportunities for Work (GROW) Program.
     - GROW helps people find work.
     - To continue receiving GR, you must meet with a GROW Worker.
     - You will receive help with transportation while attending GROW.
- You can receive nine months of GR benefits in a 12-month period as long as you continue to take part in GROW.
  - You cannot quit or be fired from a job.
  - You must accept employment services offered by DPSS-approved projects. You must attend all scheduled interviews, appointments, job preparation classes, and other activities.
  - You must accept referrals, attend interviews, and accept any offer for a job or training program.
  - DPSS can stop or sanction your GR cash grant if you do not meet the work/GROW requirements.

2. **Non-Compliance**

If you do not meet a requirement, this is called a non-compliance. Willful or negligent non-compliance(s) without Good Cause may end your GR grant for a period. This is called a sanction. If you are sanctioned, you will receive a notice letting you know how long you must wait before receiving GR again. The wait period can be 0, 30 or 60 days. The amount of time is based on the number and types of non-compliance in the prior 12 months.

Your GR will not stop if any of the following are true:

A. You have not been on GR cash aid for three months in the past year.
B. You make a mistake (are negligent) only once in 12 months.
C. You have Good Cause for not meeting the GR obligations.

The below chart provides examples of how non-compliances may affect your GR:

**INCOME AND SAVINGS**

1. You may continue to receive GR if your monthly net income (without your GR grant) is less than:
   - For 1-person: $621 per month.
   - Note: If your monthly income is between $201 and $620, the amount of your grant will be lower than $221/month.
2. You may continue to receive GR if your savings is up to $1,500.
   - This includes cash, plus the money in your bank account.
   - This same limit applies whether you are one-person or a couple who receives GR.

**ILLNESS AND DISABILITIES**

1. If you, your spouse or domestic partner are sick or disabled and unable to work:
   - You can receive GR if your doctor determines you cannot work.
   - If you do not have a doctor, DPSS will refer you to a medical facility to determine if you can work.
   - You must apply for other disability benefit programs if you seem to be eligible for them. These include:
     - Social Security Disability.
     - State Disability Insurance.
     - Supplemental Security Income (SSI).
     - SSI/SSP benefits with the Social Security Administration, if you are permanently disabled and cannot work.
     - While the SSI/SSP eligibility is pending, you may be able to receive GR.
     - If your SSI/SSP application is denied, you must appeal the decision.
2. If you are getting GR and you or your spouse or domestic partner is admitted to a medical facility*:
   o You will not be eligible for GR beginning on the month after the admission.
     • EXAMPLE: You are admitted to the hospital on June 2. Your GR benefits will end on June 30.
     • You may re-apply for GR after you are discharged.
   o You will be eligible for a one-month housing allowance if you continue to meet GR eligibility and:
     • Your doctor expects you to return to where you live.
     • You expect to return before the end of the month following the month you enter the medical facility.
       • EXAMPLE: You are admitted to the hospital on March 12. Your doctor expects you to return to your home by the end of April. In this case, you may be eligible for the one-month housing allowance.

* Medical Facilities are in-patient facilities, and includes:
  • Hospitals.
  • Nursing homes.
  • In-patient mental health facilities.
  • Hospices.
  • Intermediate care facilities.
